

**MARKMAN BIOLOGICS
CORPORATION**

THE ONLY MICROSURFACE DERMIS ON THE MARKET.

BENEFITS:

- ◆ **Increased Surface Area**
- ◆ **Increased Adhesion**
- ◆ **Faster Incorporation**
- ◆ **Faster Healing**
- ◆ **Full Thickness**
- ◆ **Available in Acellular and Decellular**

We make your biologics better.

MARKMAN BIOLOGICS CORPORATION

ITEM NUMBER	Acellular Dermis Matrix
MB-ADM-011	Microsurface ADM 1x1cm, 1-1.4mm
MB-ADM-012	Microsurface ADM 1x2cm, 1-1.4mm
MB-ADM-024	Microsurface ADM 2x4cm, 1-1.4mm
MB-ADM-044	Microsurface ADM 4x4cm, 1-1.4mm
MB-ADM-046	Microsurface ADM 4x6cm, 1-1.4mm
MB-ADM-077	Microsurface ADM 7x7cm, 1-1.4mm
MB-ADM-520	Microsurface ADM 5x20cm, 1-1.4mm
MB-ADM-1020	Microsurface ADM 10x20cm, 1-1.4mm
ITEM NUMBER	Acellular Dermis Matrix Meshed
MB-ADM-011M	Meshed Microsurface ADM 1x1cm, 1-1.4mm
MB-ADM-012M	Meshed Microsurface ADM 1x2cm, 1-1.4mm
MB-ADM-024M	Meshed Microsurface ADM 2x4cm, 1-1.4mm
MB-ADM-044M	Meshed Microsurface ADM 4x4cm, 1-1.4mm
MB-ADM-046M	Meshed Microsurface ADM 4x6cm, 1-1.4mm
MB-ADM-077M	Meshed Microsurface ADM 7x7cm, 1-1.4mm
MB-ADM-520M	Meshed Microsurface ADM 5x20cm, 1-1.4mm
MB-ADM-1020M	Meshed Microsurface ADM 10x20cm, 1-1.4mm

Our Story

Markman Biologics was founded to create a value ad in the healing of acute and chronic wounds. Markman Biologics intellectual property pertains to resurfacing of currently utilized smooth surface reconstructive grafts, including but not limited to, acellular dermal, split thickness skin, and decellularize amnion/chorion tissue. By micro surfacing tissue grafts, it increases the surface area, graft – host cellular interaction, adhesion of the graft, and reduces the time of healing.
